

7 THINGS TO LOVE ABOUT THE CAREERS EXPO

VARIETY OF JOBS.

The NW Youth Careers Expo on **March 19, 2025** will be the **21st anniversary** of the Northwest's largest career-learning experience for high school students, with health care, technology, construction, manufacturing, business, design and more.

TOP-NOTCH COMPANIES.

Leading Oregon employers such as LAIKA Studios, Intel, Portland Timbers, Hoffman Construction, Gunderson Marine & Iron, and 200+ others are regular Expo exhibitors!

HANDS-ON ACTIVITIES.

You can suit up in firefighting gear, hold a baby-sized manikin used in health-care training, try out welding, check out state-of-the-art tech and see props used by Oregon TV & film crews.

FUTURE OPPORTUNITIES.

Many Oregon colleges and training centers also exhibit at the Expo. Explore college options, internships, certification programs and apprenticeships that let you "earn while you learn."

INNOVATIVE TECH.

Graduating from high school with some marketable tech skills will give you an edge in your job search. Learn how tech savvy pays off in virtually every career field.

MOCK INTERVIEWS.

Prepare for your next job interview with a real HR professional. Sit down for a practice session with a volunteer who can give you friendly, helpful feedback about your interview style and resume. You can also attend a career talk!

CARING VOLUNTEERS.

The people you'll meet at the Expo want YOU to know about the interesting, well-paying careers out there. They'll answer your questions and share advice. Who knows? You might be co-workers someday!
